

## Fall is for Teamwork!

By Debbie Manning

**It seems like, in all walks of life, it takes a team to meet the spirit of fall.** Any family knows it takes a full cooperative effort to get kids back on schedule and prepared for the next school year. Businesses are assessing the first three quarters and making

big decisions going into the final stretch of the year. You probably are making a variety of decisions based on the results of months proceeding. At DebManning Design, our team (now including 5 designers and developers) is looking for new members on *our* team – **YOU!**

**The goal of a designer is generally to establish a long-term business relationship** that will benefit both parties. With an in-depth understanding of your business, we can provide the materials you need – in a form you can use – when you need them. In short, graphic designers become your right hand when it comes to design, layout, forms, marketing materials, graphics, web needs, printing, etc.

***We are your marketing department ... and we appreciate being a part of your team!***

This fall we'd like to take a look at some of our recent projects and highlight the accomplishments of our recent partnership teams.

**BURNING EXPRESSIONS came to us with the goal of adding Internet sales** in order to grow from local sales to national (and international) sales. Visit [www.burningexpressions.com](http://www.burningexpressions.com) and browse their catalogue of over 200 products.

**Congratulations to Belinda Dust who just opened her second "A WOMAN'S PLACE"**

store to offer products, services and support to women undergoing the fight with cancer. Belinda is unique in making her clients feel comfortable – and informed – in addition to being a Board

Certified Prosthetic fitter and and Licensed Cosmetologist. Her creative shop, located at 643 S. Washington St. in Naperville, offers an eclectic mix of wigs, post-surgery garmets, beautiful jewelry and great smelling candles, so stop and visit. We are excited to be a part of Belinda's team. As we write, business cards are being printed, tri-fold brochures are being developed, and a website is soon to come. Belinda and her staff have vision and compassion to help women and we are excited to work with them to put color, images and a logo on paper and the web to illustrate their talents.

**ParamountHomeServices experienced similar growth spurts.** Creating the initial website inspired owner Brian Sprouse to brainstorm what else his site could do for him – and what he could do for his customers. He decided to offer weekly specials on his site – in addition to his also great discounts!

**Often, when you meet one goal, new ones quickly surface.** Your original goal becomes a new beginning. Such was the case of **WITHIN YOUR REACH CONSULTING, LLC.** Pamela Bradford knew she wanted a website to represent her career-oriented consulting and coaching services. Once the site was completed (the first time – we believe all websites are works in progress!), Pamela began to think of other ways that her site could work for her business. She added articles to benefit her clients, and Paypal to allow
